MLA RMRC Implementation Team
Terms of Reference

Background
The Government of Alberta approved in principle 33 of the recommendations from the Retail Market Review Committee (RMRC) report, *Power for the People*. These recommendations have been referred to an MLA team to ensure that the public interest is considered when developing the implementation plan.

Vision
The MLA RMRC Implementation Team will make recommendations to the Minister of Energy regarding the timely and appropriate implementation of the RMRC recommendations.

Membership

<table>
<thead>

</tr>
<tr>
<td>Maureen Kubinec</td>
<td>MLA Barrhead – Morinville – Westlock</td>
</tr>
<tr>
<td>Cathy Olesen</td>
<td>MLA Sherwood Park</td>
</tr>
</tbody>
</table>

Roles
Reporting the Minister of Energy, The MLA team will consult with consumer groups, industry, agencies, Rural Electrification Associations and other stakeholders to develop a plan to implement the RMRC’s recommendations. If necessary, the team may seek further study and advice from experts to support the implementation.

Support
The MLA team will be supported by department staff from Alberta Energy.

Objectives
- Provide advice and support to the Minister of Energy regarding decisions required to implement the 33 recommendations by identifying issues, finding solutions and actions that will assist in implementation.
- Serve as a champion for these recommendations internally and externally.
- Evaluate the implementation plan (every six months) with the Minister of Energy and department executives to reflect the evolution of implementation. The plan may be revised as necessary.

Deliverables
- Overall implementation plan;
- Six month progress reports to the Minister of Energy; and,
- Implementation guidance plan for all recommendations.

Duration
The MLA team will provide a progress report to the Minister of Energy 6 months after their start date, May 1, 2013, and deliver a final report with advice on full implementation of the recommendations within 13 months.
