

Introduction - 3rd party

Magnetic Media or Electronic Submissions

Natural Gas Marketing Act - Third Party Information Gas Transmission Reports Requirements

This document outlines the submission process and the format standards which **must** be followed when preparing a file for submission either on magnetic media (diskette) or electronically via the DOE ETS (Electronic Transfer System).

Note: The DOE is currently able to accept files via the DOE ETS or on the diskette formats as outlined in this document. Other forms of magnetic media submissions may be considered. If you wish to report on a medium other than those specified in this document, contact the Applications Development Department of the DOE to determine if the DOE is capable of processing the medium.
